REPORT OF MANAGEMENT

Management of Vinhomes Joint Stock Company ("the Company") is pleased to present this report and the separate financial statements of the Company for the year ended 31 December 2017.

MANAGEMENT'S RESPONSIBILITY IN RESPECT OF THE SEPARATE FINANCIAL STATEMENTS

Management is responsible for the separate financial statements of each financial year which give a true and fair view of the separate financial position of the Company and of the separate results of its operations and its separate cash flows for the year. In preparing those separate financial statements, management is required to:

- ▶ select suitable accounting policies and then apply them consistently;
- ▶ make judgement and estimates that are reasonable and prudent;
- ▶ state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the separate financial statements ; and
- ▶ prepare the separate financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue its business.

Management is responsible for ensuring that proper accounting records are kept which disclose, with reasonable accuracy at any time, the separate financial position of the Company and to ensure that the accounting records comply with the applied accounting system. It is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Management confirmed that it has complied with the above requirements in preparing the accompanying separate financial statements.

STATEMENT BY MANAGEMENT

Management does hereby state that, in its opinion, the accompanying separate financial statements give a true and fair view of the separate financial position of the Company as at 31 December 2017 and of the separate results of its operations and its separate cash flows for the year then ended in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the separate financial statements.

The Company has subsidiaries as disclosed in the separate financial statements. The Company has prepared the consolidated financial statements of the Company and its subsidiaries for the year ended 31 December 2017 ("the consolidated financial statements") dated 25 February 2018.

Users of the separate financial statements should read them together with the said consolidated financial statements in order to obtain full information on the consolidated financial position, consolidated results of operations and consolidated cash flows of the Company and its subsidiaries.

For and on behalf of management:

Nguyễn Văn Tuấn
General Director

INDEPENDENT AUDITORS' REPORT

**To: The Shareholders of Vinhomes Joint Stock Company
[previously known as Hanoi Southern City Development Joint Stock Company]**

We have audited the accompanying separate financial statements of Vinhomes Joint Stock Company ("the Company") as prepared on 25 February 2018 and set out on pages 6 to 58, which comprise the separate balance sheet as at 31 December 2017, and the separate income statement and the separate cash flow statement for the year then ended and the notes thereto.

Management's responsibility

Management is responsible for the preparation and fair presentation of these separate financial statements in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the separate financial statements, and for such internal control as management determines is necessary to enable the preparation and presentation of the separate financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these separate financial statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the separate financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the separate financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the separate financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Company's preparation and fair presentation of the separate financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the separate financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Building a better
working world

Opinion

In our opinion, the separate financial statements give a true and fair view, in all material respects, of the separate financial position of the Company as at 31 December 2017, and of the results of its separate operations and its separate cash flows for the year then ended in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the separate financial statements.

Emphasis of matter

We draw attention to Note 2.1 of the separate financial statements. The Company prepared the consolidated financial statements of the Company and its subsidiaries for the year ended 31 December 2017 in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the consolidated financial statements. We have audited those consolidated financial statements and our auditors' report dated 25 February 2018 expressed an unmodified opinion.

Our opinion is not modified in respect of this matter.

2. BASIS OF PREPARATION

2.1 Purpose of preparing the separate financial statements

The Company has subsidiaries as disclosed in Note 1 and Note 13.1. The Company has prepared the consolidated financial statements of the Company and its subsidiaries for the year ended 31 December 2017 ("the consolidated financial statements") dated 25 February 2018.

Users of the separate financial statements should read them together with the said consolidated financial statements in order to obtain full information on the consolidated financial position, consolidated results of operations and consolidated cash flows of the Company and its subsidiaries.

2.2 Accounting standards and system

The separate financial statements of the Company, which are expressed in Vietnam dong ("VND"), are prepared in accordance with Vietnamese Enterprise Accounting System and Vietnamese Accounting Standards issued by the Ministry of Finance as per:

- ▶ Decision No. 149/2001/QĐ-BTC dated 31 December 2001 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 1);
- ▶ Decision No. 165/2002/QĐ-BTC dated 31 December 2002 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 2);
- ▶ Decision No. 234/2003/QĐ-BTC dated 30 December 2003 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 3);
- ▶ Decision No. 12/2005/QĐ-BTC dated 15 February 2005 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 4); and
- ▶ Decision No. 100/2005/QĐ-BTC dated 28 December 2005 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 5).

Accordingly, the accompanying separate financial statements, including their utilisation are not designed for those who are not informed about Vietnam's accounting principles, procedures and practices and furthermore are not intended to present the financial position and results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries other than Vietnam.

2.3 Applied accounting documentation system

The Company's applied accounting documentation system is the General Journal.

2.4 Fiscal year

2.5 Accounting currency

The separate financial statements are prepared in VND which is also the Company's accounting currency.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
as at 31 December 2017 and for the year then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash at banks and short-term, highly liquid investments with an original maturity of less than three months that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value.

3.2 Inventories

Inventories are stated at the lower of cost incurred in bringing each product to its present location and condition, and net realisable value.

Net realisable value represents the estimated selling price in the ordinary course of business less the estimated costs to complete and the estimated costs necessary to make the sale.

Inventory properties

Property acquired or being constructed for sale or to be held for long-term lease that meets the requirements of outright revenue recognition in the ordinary course of business, rather than to be held for rental or capital appreciation, is held as inventory property and is measured at the lower of cost and net realisable value.

Cost of inventory property includes:

- ▶ Freehold, leasehold and development rights for land;
- ▶ Amounts payable/paid to contractors for construction; and
- ▶ Borrowing costs, planning and design costs, costs of site preparation, professional fees for legal services, property transfer taxes, construction overheads and other related costs.

Net realisable value is the estimated selling price in the ordinary course of the business, based on market prices at the reporting date and discounted for the time value of money if material, and less costs to completion and the estimated selling expenses.

The cost of inventory property recognised in the separate income statement on disposal is determined with reference to the specific costs incurred on the property sold and an allocation of common costs based on the relative size of the inventory property sold.

Provision for obsolete inventories

An inventories provision is created for the estimated loss arising due to the impairment of value (through diminution, damage, obsolescence, etc.) of raw materials, finished goods, and other inventories owned by the Company, based on appropriate evidence of impairment available at the balance sheet date.

Increases or decreases to the provision balance are recorded into the cost of goods sold account in the separate income statement.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
as at 31 December 2017 and for the year then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.3 Receivables

Receivables are presented in the separate financial statements at the carrying amounts due from customers and other debtors, after provision for doubtful debts.

The provision for doubtful debts represents amounts of outstanding receivables at the balance sheet date which are doubtful of being recovered. Increases or decreases to the provision balance are recorded as general and administrative expense in the separate income statement.

3.4 Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation.

The cost of a tangible fixed asset comprises its purchase price and any directly attributable costs of bringing the tangible fixed asset to working condition for its intended use.

Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and expenditures for maintenance and repairs are charged to the separate income statement as incurred.

When tangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the separate income statement.

3.5 Leased assets

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at inception date and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset and the arrangement conveys a right to use the asset.

A lease is classified as a finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership of the asset to the lessee. All other leases are classified as operating leases.

Where the Company is the lessor

Assets subject to operating leases are included as the Company's investment properties in the separate balance sheet. Initial direct costs incurred in negotiating an operating lease are recognised in the separate income statement as incurred.

Income under operating leases are charged to the separate income statement on a straight-line basis over the lease term.

Where the Company is the lessee

Rentals under operating leases are charged to the separate income statement on a straight-line basis over the lease term.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
as at 31 December 2017 and for the year then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.6 Intangible fixed assets

Intangible fixed assets are stated at cost less accumulated amortisation.

The cost of an intangible fixed asset comprises of its purchase price and any directly attributable costs of preparing the intangible fixed asset for its intended use.

Expenditures for additions, improvements are added to the carrying amount of the assets and other expenditures are charged to the separate income statement as incurred.

When intangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the separate income statement.

3.7 Depreciation and amortisation

Depreciation of tangible fixed assets and amortisation of intangible fixed assets are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Buildings and structures	47 years
Machinery and equipment	9 - 10 years
Office equipment	3 years
Computer software	3 years
Others	4 years

3.8 Investment properties

Investment properties are stated at cost including transaction costs less accumulated depreciation.

Subsequent expenditure relating to an investment property that has already been recognized is added to the net book value of the investment property when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing investment property, will flow to the Company.

Depreciation and amortisation of investment properties are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Buildings	47 years
Others	9 years

The Company does not amortise indefinite land use right that presented as investment properties.

Investment properties are derecognised when either they have been disposed of or when the investment properties are permanently withdrawn from use and no future economic benefit is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the assets is recognised in the separate income statement in the year of retirement or disposal.

Transfers are made to investment properties when, and only when, there is a change in use, evidenced by ending of owner-occupation, commencement of an operating lease to another party or ending of construction or development. Transfers are made from investment properties when, and only when, there is change in use, evidenced by commencement of owner-occupation or commencement of development with a view to sale. The transfer from investment property to owner-occupied property or inventories does not change the cost or the carrying value of the property for subsequent accounting at the date of change in use.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
as at 31 December 2017 and for the year then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.9 Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Borrowing costs are recorded as expense during the year in which they are incurred, except to the extent that borrowing costs are directly attributable to the acquisition, construction or production of an asset that necessarily take a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset.

3.10 Prepaid expenses

Prepaid expenses are reported as short-term or long-term prepaid expenses on the separate balance sheet and amortised over the period for which the amount are paid or the period in which economic benefit are generated in relation to these expenses.

Short-term prepaid expenses include commission fees for selling apartments, provisional corporate income tax for downpayments from customers for the purchases of apartments at Vinhomes Times City project and other short-term prepaid expenses which are expected to bring future economic benefits within one ordinary course of business cycle.

3.11 Investments

Investments in subsidiaries

Investments in subsidiaries over which the Company has control are carried at cost.

Distributions from accumulated net profits of the subsidiaries arising subsequent to the date of acquisition are recognised in the separate income statement. Distributions from sources other than from such profits are considered a recovery of investment and are deducted to the cost of the investment.

Investments in associates

Investments in associates over which the Company has significant influence are carried at cost.

Distributions from accumulated net profits of the associates arising subsequent to the date of acquisition are recognised in the separate income statement. Distributions from sources other than from such profits are considered a recovery of investment and are deducted to the cost of the investment.

Held-for-trading securities and investments in other entities

Held-for-trading securities and investments in other entities are stated at their acquisition costs.

Provision for diminution in value of investments

Provision is made for any diminution in value of the investments at the balance sheet date based on difference between original price of shares and market price on that date in accordance with the guidance under Circular No. 228/2009/TT-BTC dated 7 December 2009, and Circular No. 89/2013/TT-BTC dated 28 June 2013 issued by the Ministry of Finance. Increases or decreases to the provision balance are recorded as finance expense in the separate income statement.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
as at 31 December 2017 and for the year then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.14 Provisions (continued)

Warranty provision for apartments

The Company estimates provision for warranty expenses based on revenues and available information about the repair of apartments sold in the past.

3.15 Appropriation of net profits

Net profit after tax (excluding negative goodwill arising from a bargain purchase) is available for appropriation to investors/shareholders after approval in the Annual General Meeting, and after making appropriation to reserve funds in accordance with the Company's Charter and Vietnam's regulatory requirements.

3.16 Advance from customers

Advance from customers for purchasing apartment in the future, which has not qualified to be recognised as revenue for the year, is recorded to account "Advance from customers" in liability of the separate balance sheet.

3.17 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, excluding trade discount, rebate and sales return. The following specific recognition criteria must also be met before revenue is recognised:

Revenue from sales of inventory property

Revenue from sales of inventory property is recognised when significant risks and rewards incident to ownership of the properties has passed to the buyers.

Revenue from leasing of properties

Rental income arising from operating lease of properties is recognised in the separate income statement on a straight-line basis over the lease term.

Income from investment cooperation

Income from investment cooperation is recognised as shared revenue and determined reliably in according to the business investment cooperation contracts.

Rendering of services

Income from rendering service is recognised when service is rendered to customers.

Interest

Income is recognised as the interest accrues (taking into account the effective yield on the asset) unless collectability is in doubt.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
as at 31 December 2017 and for the year then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.17 Revenue recognition (continued)

Dividends

Income is recognised when the Company's entitlement as an investor to receive the dividend is established.

Income from securities trading and capital transfer

Income from securities trading and capital transfer is identified as difference between selling price and securities cost. This income is recorded on date when transaction arises, that is when the transfer contract is exercised.

3.18 Taxation

Current income tax

Current income tax assets and liabilities for the current and previous years are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted as at the balance sheet date.

Current income tax is charged or credited to the separate income statement, except when it relates to items recognised directly to equity, in which case the current income tax is also dealt with in equity.

Current income tax assets and liabilities are offset when there is a legally enforceable right for the Company to set off current tax assets against current tax liabilities and when the Company intends to settle its current tax assets and liabilities on a net basis.

Deferred tax

Deferred tax is provided using the liability method on temporary differences at the balance sheet date between the tax base of assets and liabilities and their carrying amount for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- ▶ where the deferred tax liability arises from the initial recognition of an asset or liability in a transaction which at the time of the related transaction affects neither the accounting profit nor taxable profit or loss;
- ▶ in respect of taxable temporarily differences associated with investments in subsidiaries and associates, and interests in joint ventures where timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
as at 31 December 2017 and for the year then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.18 Taxation (continued)

Deferred tax (continued)

Deferred tax assets are recognised for all deductible temporary differences, carried forward unused tax credit and unused tax losses, to the extent that it is probable that taxable profit will be available against which deductible temporary differences, carried forward unused tax credit and unused tax losses can be utilised, except:

- ▶ where the deferred tax asset in respect of deductible temporary difference which arises from the initial recognition of an asset or liability which at the time of the related transaction, affects neither the accounting profit nor taxable profit or loss;
- ▶ in respect of deductible temporarily differences associated with investments in subsidiaries, branches, associates, and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Previously unrecognised deferred tax assets are re-assessed at each balance sheet date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled based on tax rates and tax laws that have been enacted at the balance sheet date.

Deferred tax is charged or credited to the separate income statement, except when it relates to items recognised directly to equity, in which case the deferred tax is also dealt with in the equity account.

Deferred tax assets and liabilities are offset when there is a legally enforceable right for the Company to off-set current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority on:

- ▶ either the same taxable entity; or
- ▶ when the Company intends either settle current tax liabilities and assets on a net basis or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.19 Segment information

A segment is a component determined separately by the Company which is engaged in providing products or related services (business segment) or providing products or services in a particular economic environment (geographical segment), that is subject to risks and returns that are different from those of other segments. Real estate and related services are the major activities to generate revenue and profits of the Company. As other revenue accounts for a small proportion of the total revenue of the Company, management assesses that the Company operates in only one business segment. In addition, management defines the Company's geographical segment based on the location of the property which is in Vietnam.

3.20 Related parties

Parties are considered to be related parties of the Company if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions, or when the Company and other party are under common control or under common significant influence. Related parties can be enterprise or individual, including close members of the family of any such individual.

26. CORPORATE INCOME TAX

The corporate income tax (CIT) rate applicable to the Company is 20% of taxable profits (in 2016: 20%).

The tax returns filed by the Company are subject to examination by the tax authorities. As the application of tax laws and regulations is susceptible to varying interpretations, the amounts reported in the separate financial statements could change at a later date upon final determination by the tax authorities.
