REPORT OF MANAGEMENT (continued)

Management of Vinhomes Joint Stock Company ("the Company") is pleased to present this report and the separate financial statements of the Company for the three-month period ended 31 March 2019.

MANAGEMENT'S RESPONSIBILITY IN RESPECT OF THE SEPARATE FINANCIAL STATEMENTS

Management is responsible for the separate financial statements of each financial period which give a true and fair view of the separate financial position of the Company and of the separate results of its operations and its separate cash flows for the year. In preparing those separate financial statements, management is required to:

- ▶ select suitable accounting policies and then apply them consistently;
- ▶ make judgements and estimates that are reasonable and prudent;
- ▶ state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the separate financial statements; and
- ▶ prepare the separate financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue its business.

Management is responsible for ensuring that proper accounting records are kept which disclose, with reasonable accuracy at any time, the separate financial position of the Company and to ensure that the accounting records comply with the applied accounting system. It is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Management confirmed that it has complied with the above requirements in preparing the accompanying separate financial statements.

STATEMENT BY MANAGEMENT

Management does hereby state that, in its opinion, the accompanying separate financial statements give a true and fair view of the separate financial position of the Company as at 31 March 2019 and of the separate results of its operations and its separate cash flows for the year then ended in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the separate financial statements.

The Company has subsidiaries as disclosed in the separate financial statements. The Company prepared these separate financial statements to meet the prevailing requirements in relation to disclosure of information, specifically the Circular 155/2015/TT-BTC on disclosure of information on the securities market. In addition, as required by these regulations, the Company has also prepared the consolidated financial statements of the Company and its subsidiaries for the year ended 31 March 2019 ("the consolidated financial statements") dated 22 April 2019.

Users of the separate financial statements should read them together with the said consolidated financial statements in order to obtain full information on the consolidated financial position, consolidated results of operations and consolidated cash flows of the Company and its subsidiaries.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS
as at 31 March 2019 and for the three-month period then ended

1. CORPORATE INFORMATION

Vinhomes Joint Stock Company ("the Company"), previously known as Hanoi Southern City Development JSC ("Hanoi Southern JSC"), is a joint stock company established in Vietnam in accordance with the Business Registration Certificate No. 0103022741 issued by the Hanoi Department of Planning and Investment on 6 March 2008 and the Enterprise Registration Certificate No. 0102671977 dated 5 August 2010 on registration of a shareholding company. In accordance with the 19th amended Enterprise Registration Certificate dated 2 February 2018, Hanoi Southern JSC has changed its business name to Vinhomes Joint Stock Company. The Company also subsequently received amended Enterprise Registration Certificates with the 26th amendment dated 6 March 2019 as the latest.

The current principal activities of the Company are to develop real estate property for sale, provide leasing of offices, render real estate management and related services, provide general contractor services, consulting and designing construction services, supervision and construction management services.

The Company's head office is located at No. 458, Minh Khai Street, Vinh Tuy Ward, Hai Ba Trung District, Hanoi, Vietnam.

The Company's normal course of business cycle of real estate development activity begins when the Company receives investment certificate, carries out land clearance and construction works until the project is completed. Accordingly, the normal course of business cycle of real estate development activity ranges from 12 months to 36 months.

The Company's normal course of business cycle of other activities is normally within 12 months.

The number of the Company's employees as at 31 March 2019: 6,129 (31 December 2018: 6,258).

Seasonality of operations

Due to the nature of real estate business, revenue from rental income and render real estate management service is expected to be stable throughout the year except when the Company introduces new investment properties into the market. On the other hand, revenue from sale of residential properties is dependent on the completion of the Company's properties projects and on the market conditions at the time these projects are on offering.

2. BASIS OF PREPARATION

2.1 *Accounting standards and system*

The separate financial statements of the Company, which are expressed in Vietnam dong ("VND"), are prepared in accordance with Vietnamese Enterprise Accounting System and Vietnamese Accounting Standards issued by the Ministry of Finance as per:

- ▶ Decision No. 149/2001/QĐ-BTC dated 31 December 2001 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 1);
- ▶ Decision No. 165/2002/QĐ-BTC dated 31 December 2002 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 2);
- ▶ Decision No. 234/2003/QĐ-BTC dated 30 December 2003 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 3);
- ▶ Decision No. 12/2005/QĐ-BTC dated 15 February 2005 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 4); and
- ▶ Decision No. 100/2005/QĐ BTC dated 28 December 2005 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 5).

Accordingly, the accompanying separate financial statements, including their utilisation are not designed for those who are not informed about Vietnam's accounting principles, procedures and practices and furthermore are not intended to present the financial position and results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries other than Vietnam.

2.2 *Applied accounting documentation system*

The Company's applied accounting documentation system is the General Journal.

2.3 *Fiscal year*

The Company's fiscal year applicable for the preparation of its separate financial statements starts on 1 January and ends on 31 December.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
as at 31 March 2019 and for the three-month period then ended

2. BASIS OF PREPARATION (continued)

2.4 Accounting currency

The separate financial statements are prepared in VND which is also the Company's accounting currency.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash at banks and short-term, highly liquid investments with an original maturity of no longer than three months that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value.

3.2 Inventories

Inventories are stated at the lower of cost incurred in bringing each product to its present location and condition, and net realisable value.

Net realisable value ("NRV") represents the estimated selling price in the ordinary course of business less the estimated costs to complete and the estimated costs necessary to make the sale.

Inventory property

Property acquired or being constructed for sale or to be held for long-term lease that meets the requirements of outright revenue recognition in the ordinary course of business, rather than to be held for rental or capital appreciation, is held as inventory property and is measured at the lower of cost and net realisable value.

Cost of inventory property includes:

- ▶ Freehold, leasehold and development rights for land;
- ▶ Amounts payable/paid to contractors for construction; and
- ▶ Borrowing costs, planning and design costs, costs of site preparation, professional fees for legal services, property transfer taxes, construction overheads and other related costs.

Net realisable value is the estimated selling price in the ordinary course of the business, based on market prices at the reporting date, and less costs to completion and the estimated costs to sell.

The cost of inventory property recognised in the separate income statement on disposal is determined with reference to the specific costs incurred on the property sold and an allocation of any non-specific costs based on reasonable relative cost basis.

Inventory construction

The Company uses perpetual method to record raw materials and merchandise which are valued at cost of purchase on a weighted average basis.

Work in progress of construction contracts comprises costs of materials, labour costs, construction costs payable to sub-contractors and other related costs which have not been accepted by the investors at the date of the financial statements.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
as at 31 March 2019 and for the three-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.2 Inventories (continued)

Provision for obsolete inventories

An inventories provision is created for the estimated loss arising due to the impairment of value (through diminution, damage, obsolescence, etc.) of raw materials, finished goods, and other inventories owned by the Company, based on appropriate evidence of impairment available at the separate balance sheet date.

Increases or decreases to the provision balance are recorded into the cost of goods sold account in the separate income statement.

3.3 Receivables

Receivables are presented in the separate financial statements at the carrying amounts due from customers and other debtors, after provision for doubtful debts.

The Company contributes assets into Investment Co-operation agreements, including shopping mall and school components, in which corporate counterparties have the right to operate, exploit and manage these components since the commencement of operation, and the Company is entitled to receive a portion of profits from operation. Under such circumstances, the Company's capital contribution into the Investment Co-operation agreements will be recognised in other receivables on the separate balance sheet at the time the Company hands over the assets to operate and exploit.

The provision for doubtful debts represents amounts of outstanding receivables at the separate balance sheet date which are doubtful of being recovered. Increases or decreases to the provision balance are recorded as general and administrative expense in the separate income statement.

3.4 Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation.

The cost of a tangible fixed asset comprises its purchase price and any directly attributable costs of bringing the tangible fixed asset to working condition for its intended use.

Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and expenditures for maintenance and repairs are charged to the separate income statement as incurred.

When tangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the separate income statement.

3.5 Leased assets

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at inception date and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset and the arrangement conveys a right to use the asset.

A lease is classified as a finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership of the asset to the lessee. All other leases are classified as operating leases.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
as at 31 March 2019 and for the three-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.5 *Leased assets*

Where the Company is the lessor

Assets subject to operating leases are presented as investment properties in the separate balance sheet. Initial direct costs incurred in negotiating an operating lease are recognised in the separate income statement as incurred.

Lease income is recognised in the separate income statement on a straight-line basis over the lease term.

Where the Company is the lessee

Rentals under operating leases are charged to the separate income statement on a straight-line basis over the lease term.

3.6 *Intangible fixed assets*

Intangible fixed assets are stated at cost less accumulated amortisation.

The cost of an intangible fixed asset comprises its purchase price and any directly attributable costs of preparing the intangible fixed asset for its intended use.

Expenditures for additions, improvements are added to the carrying amount of the assets and other expenditures are charged to the separate income statement as incurred.

When intangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the separate income statement.

3.7 *Depreciation and amortisation*

Depreciation of tangible fixed assets and amortisation of intangible fixed assets are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Buildings and structures	44 - 47 years
Machinery and equipment	5 - 10 years
Means of transportation	6 - 9 years
Office equipment	3 - 5 years
Computer software	3 - 5 years
Others	2 - 5 years

3.8 *Investment properties*

Investment properties are stated at cost, including transaction costs, less accumulated depreciation.

Subsequent expenditure relating to an investment property that has already been recognised is added to the net book value of the investment property when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing investment property, will flow to the Company.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
as at 31 March 2019 and for the three-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.8 Investment properties (continued)

Depreciation of investment properties is calculated on a straight-line basis over the estimated useful life of each asset as follows:

Definite land use rights	47 - 49 years
Buildings and structures	27 - 50 years
Machinery and equipment	9 years

No amortisation is charged on the land use rights presented as investment properties with indefinite terms.

Investment properties are derecognised when either they have been disposed of or when the investment properties are permanently withdrawn from use and no future economic benefit is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the assets is recognised in the separate income statement in the year of retirement or disposal.

Transfers are made to investment properties when, and only when, there is a change in use, evidenced by ending of owner-occupation, commencement of an operating lease to another party or ending of construction or development. Transfers are made from investment properties when, and only when, there is change in use, evidenced by commencement of owner-occupation or commencement of development with a view to sale. The transfer from investment property to owner-occupied property or inventories does not change the cost or the carrying value of the property for subsequent accounting at the date of change in use.

3.9 Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Borrowing costs are recorded as expense during the year in which they are incurred, except to the extent that borrowing costs are directly attributable to the acquisition, construction or production of an asset that necessarily take a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset.

3.10 Prepaid expenses

Prepaid expenses are reported as short-term or long-term prepaid expenses on the separate balance sheet and amortised over the period for which the amount are paid or the period in which economic benefit are generated in relation to these expenses.

Short-term prepaid expenses include commission fees for selling inventory properties, provisional corporate income tax for down payments from customers for the purchases of inventory properties at the Company's real estate projects and other short-term prepaid expenses which are expected to bring future economic benefits within one ordinary course of business cycle.

Long-term prepaid expenses include long-term prepaid land rental, pre-operation expenditure, tools and supplies, and other prepaid expenses that bring future economic benefits for more than one year.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
as at 31 March 2019 and for the three-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.11 Investments

Investments in subsidiaries

Investments in subsidiaries over which the Company has control are carried at cost.

Distributions from accumulated net profits of the subsidiaries arising subsequent to the date of acquisition are recognised in the separate income statement. Distributions from sources other than from such profits are considered a recovery of investment and are deducted to the cost of the investment.

Investments in associates

Investments in associates over which the Company has significant influence are carried at cost.

Distributions from accumulated net profits of the associates arising subsequent to the date of acquisition are recognised in the separate income statement. Distributions from sources other than from such profits are considered a recovery of investment and are deducted to the cost of the investment.

Held-for-trading securities and investments in other entities

Held-for-trading securities and investments in other entities are stated at their acquisition costs.

Provision for diminution in value of held-for-trading securities and investments in entities

Provision is made for any diminution in value of the held-for-trading securities and investments in capital of other entities at the balance sheet date in accordance with the guidance under Circular No. 228/2009/TT-BTC dated 7 December 2009 and Circular No. 89/2013/TT-BTC dated 28 June 2013 issued by the Ministry of Finance. Increases or decreases to the provision balance are recorded as finance expense in the separate income statement.

Held-to-maturity investments

Held-to-maturity investments are stated at their acquisition costs. After initial recognition, held-to-maturity investments are measured at recoverable amount. Any impairment loss incurred is recognised as finance expense in the separate income statement and deducted against the value of such investments.

3.12 Payables and accruals

Payables and accruals are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the Company. Payables to construction contractors are recognised for amounts certified by the construction work certificate signed with contractors, whether or not billed to the Company.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
as at 31 March 2019 and for the three-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.13 Provisions

General provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the separate income statement net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as a finance expense.

Warranty provision for inventory properties

The Company estimates provision for warranty expenses based on revenues and available information about the repair of inventory properties sold in the past.

3.14 Foreign currency transactions

Transactions in currencies other than the Company's reporting currency of VND are recorded at the actual transaction exchange rates at transaction dates which are determined as follows:

- Transaction resulting in receivables are recorded at the buying exchange rates of the commercial banks designated for collection;
- Transactions resulting in liabilities are recorded at the selling exchange rates of the transaction of commercial banks designated for payment; and
- Payments for assets or expenses without liabilities initially being recognised is recorded at the buying exchange rates of the commercial banks that process these payments.

At the end of the year, monetary balances denominated in foreign currencies are translated at the actual transaction exchange rates at the separate balance sheet dates which are determined as follows:

- Monetary assets are translated at buying exchange rate of the commercial bank where the Company conducts transactions regularly; and
- Monetary liabilities are translated at selling exchange rate of the commercial bank where the Company conducts transactions regularly.

All foreign exchange differences incurred during the year and arisen from the translation of monetary accounts denominated in foreign currency at the end of the year are taken to the separate income statement.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
as at 31 March 2019 and for the three-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.15 Appropriation of net profits

Net profit after tax (excluding gain arising from a bargain purchase) is available for appropriation to shareholders after approval in the Annual General Meeting, and after making appropriation to reserve funds in accordance with the Company's Charter and Vietnam's regulatory requirements.

3.16 Advances from customers buying inventory properties

Payments received from customers as deposits for the purchase of inventory properties in the future that do not meet the conditions for revenue recognition, are recognised and presented as "Advances from customers" in the liability section in the separate balance sheet. Incentives under promotion programs which are, in substance, revenue deductions are offset against account "Advances from customers" which are not qualified to be recognised as revenue for the year.

3.17 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, excluding trade discount, rebate and sales return. The following specific recognition criteria must also be met before revenue is recognised:

Revenue from sale of inventory properties

Revenue from sale of inventory properties is recognised when the significant risks and rewards incident to ownership of the properties have been passed to the buyer.

Revenue from leasing of properties

Rental income arising from leased properties is recognised in the separate income statement on a straight-line basis over the lease terms of ongoing leases.

Rendering of services

Revenue from rendering of services is recognised when the services are rendered to customers.

Interest

Income is recognised as the interest accrues (taking into account the effective yield on the asset) unless collectability is in doubt.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
as at 31 March 2019 and for the three-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.17 Revenue recognition (continued)

Dividends

Income is recognised when the Company's entitlement as an investor to receive the dividend is established.

Income from capital transfer

Income from capital transfer is identified as difference between transfer consideration and cost of capital transfer. This income is recorded on date when transaction arises being the date when the transfer contract is exercised.

Income from Business and Investment Co-operation Contracts in which the Company is entitled to profit before tax

Income from the profit before tax of real estate business under Business and Investment Co-operation Contracts is recognised as finance income in the separate income statement.

3.18 Construction contract

Where the outcome of a construction contract can be estimated reliably, revenue and costs are recognised by reference to the stage of completion of the contract activity at the separate balance sheet date, as measured by reference to the work performed that has been agreed by customers. Variations in contract work, claims and incentive payments are included to the extent that they have been agreed with the customer.

Where the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised to the extent of contract costs incurred that it is probable will be recoverable. Contract costs are recognised as expenses in the year in which they are incurred.

3.19 Taxation

Current income tax

Current income tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted as at the separate balance sheet date.

Current income tax is charged or credited to the separate income statement, except when it relates to items recognised directly to equity, in which case the current income tax is also dealt with in equity.

Current income tax assets and liabilities are offset when there is a legally enforceable right for the Company to offset current tax assets against current tax liabilities and when the Company intends to settle its current tax assets and liabilities on a net basis.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
as at 31 March 2019 and for the three-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.19 Taxation (continued)

Deferred tax

Deferred tax is provided using the liability method on temporary differences at the separate balance sheet date between the tax base of assets and liabilities and their carrying amount for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- ▶ where the deferred tax liability arises from the initial recognition of an asset or liability in a transaction which at the time of the transaction affects neither the accounting profit nor taxable profit or loss; and
- ▶ in respect of taxable temporarily differences associated with investments in subsidiaries and associates, and interests in joint ventures where timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, carried forward unused tax credit and unused tax losses, to the extent that it is probable that taxable profit will be available against which deductible temporary differences, carried forward unused tax credit and unused tax losses can be utilised, except:

- ▶ where the deferred tax asset in respect of deductible temporary difference which arises from the initial recognition of an asset or liability which at the time of the related transaction, affects neither the accounting profit nor taxable profit or loss; and
- ▶ in respect of deductible temporarily differences associated with investments in subsidiaries, associates, and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profits will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each separate balance sheet date and reduced to the extent that it is probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Previously unrecognised deferred income tax assets are re-assessed at each separate balance sheet date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled based on tax rates and tax laws that have been enacted at the separate balance sheet date.

Deferred tax is charged or credited to the separate income statement, except when it relates to items recognised directly to equity, in which case the deferred tax is also dealt with in the equity account.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS (continued)
as at 31 March 2019 and for the three-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.19 Taxation (continued)

Deferred tax (continued)

Deferred tax assets and liabilities are offset when there is a legally enforceable right for the Company to offset current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority on:

- ▶ either the same taxable entity; or
- ▶ when the Company intends either to settle current tax liabilities and assets on a net basis or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

3.20 Segment information

A segment is a component determined separately by the Company which is engaged in providing products or related services (business segment) or providing products or services in a particular economic environment (geographical segment), that is subject to risks and returns that are different from those of other segments.

Real estate trading and related services are principal sources of revenue and profit of the Company, while revenue from other activities accounts for a minimal portion in the Company's total revenue. Therefore, management is of the view that there is only one segment for business. Moreover, management defines the Company's geographical segments to be based on the location of the assets which is in Vietnam.

3.21 Related parties

Parties are considered to be related parties of the Company if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions, or when the Company and other party are under common control or under common significant influence. Related parties can be enterprise or individual, including close members of the family of any such individual.

30. CORPORATE INCOME TAX

The corporate income tax ("CIT") rate applicable to the Company is 20% of taxable profits (in 2018: 20%).

The tax returns filed by the Company are subject to examination by the tax authorities. As the application of tax laws and regulations is susceptible to varying interpretations, the amounts reported in the separate financial statements could change at a later date upon final determination by the tax authorities.

CIT expense

	<i>Currency: VND</i>	
	<i>Quarter I/2019</i>	<i>Quater I/2018</i>
Current CIT expense	134,863,758,124	352,879,599,562
Deferred tax expenses	81,576,550,637	-
TOTAL	216,440,308,761	352,879,599,562

The current tax payable is based on taxable income for the current year. The taxable income of the Company for the year differs from the profit as reported in the separate income statement because it excludes items of income or expense that are taxable or deductible in other year and it further excludes items that are not taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted by the separate balance sheet date.
