Management is responsible for the interim separate financial statements of each financial period which give a true and fair view of the interim separate financial position of the Company and of the interim separate results of its operations and its interim separate cash flows for the period. In preparing those interim separate financial statements, management is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the interim separate financial statements; and
- prepare the interim separate financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue its business.

Management is responsible for ensuring that proper accounting records are kept which disclose, with reasonable accuracy at any time, the interim separate financial position of the Company and to ensure that the accounting records comply with the applied accounting system. It is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Management confirmed that it has complied with the above requirements in preparing the accompanying interim separate financial statements.

REPORT ON REVIEW OF INTERIM SEPARATE FINANCIAL STATEMENTS

To: The Shareholders of Vinhomes Joint Stock Company

We have reviewed the accompanying interim separate financial statements of Vinhomes Joint Stock Company ("the Company"), as prepared on 29 August 2020 and set out on pages 7 to 73 which comprise the interim separate balance sheet as at 30 June 2020, the interim separate income statement and the interim separate cash flow statement for the six-month period then ended and the notes thereto.

Management's responsibility

The Company's management is responsible for the preparation and fair presentation of the interim separate financial statements in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the interim separate financial statements, and for such internal control as management determines is necessary to enable the preparation and presentation of the interim separate financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express a conclusion on the interim separate financial statements based on our review. We conducted our review in accordance with Vietnamese Standard on Review Engagements No. 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim separate financial statements do not give a true and fair view, in all material respects, of the interim separate financial position of the Company as at 30 June 2020, and of the interim separate results of its operations and its interim separate cash flows for the six-month period then ended in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the interim separate financial statements.

Under such circumstances, the Company's capital contribution into the Investment Co-operation agreements will be recognised in other receivables on the interim separate balance sheet at the time the Company hands over the assets to operate and exploit.
